Seasonal décor • Ornaments • Key rings • Gifting

2026-27 | WHOLESALE CATALOGUE

Softly made. Joyfully kept.

A little joy, shaped by hand

Felt Good turns tactile wool-felt forms into warm, characterful pieces for seasonal homes, gifting and retail displays.

Made slowly. Made to feel special.

Every piece carries the gentle irregularities of hand cutting, shaping, stitching and embellishment. These details are not defects—they are the signature of the maker and the reason no two pieces feel exactly alike.
